Purpose of the User Advisory Council

The UAC exists to provide the WorldVistA Board with considered advice relating to all aspects of the WorldVistA mission: "to improve healthcare worldwide by making medical information technology better and universally affordable".

WorldVistA User Advisory Council

The UAC is established according to the provisions of Article 6, Section 3 (Advisory Committees) of the WorldVista bylaws:

The corporation shall have such other committees as may from time to time be designated by resolution of the board. Such other committees may consist of persons who are not also members of the board. These additional committees shall act in an advisory capacity only to the board and shall be clearly titled as "advisory" committees.

The WV UAC will be comprised of representatives of VistA Users invited by the WorldVistA Board.

Users represented on the UAC should be committed to WorldVistA principles and values (see below) and to advancing VistA as an open source resource.

Membership of the UAC may be withdrawn by the Board without notice or explanation.

Note. A User is defined as any healthcare provider or educational establishment that uses VistA

Terms of Reference

1. The UAC will be self governing – electing its own officers, deciding its own ways of working, timetable etc.
2. The UAC will appoint a Chairman and a Secretary from among their membership.
3. All meetings of the UAC shall be minuted and these minutes made available to the WorldVistA Board.

4. The WorldVistA Board will consult with the UAC on matters of concern to the Board, but the UAC is free to consider any VistA related issues and make recommendations to the WorldVistA Board as it sees fit.
5. The WorldVistA Board is not bound to act upon the recommendations of the UAC but undertakes to provide a written response to all communications from the UAC and where not subject to legal or confidentiality restrictions will publish these to the WorldVistA membership
6. The Chairman of WorldVistA will nominate a representative of the Board to act as the point of contact for communication between the UAC and the Board.

Statement of Principles & Values

1. WorldVistA is committed to making and keeping VistA and related software freely available under an open-source software community model.
2. WorldVistA encourages the use and support of other VistA-related open source software such as open-source host operating systems, MUMPS language environments, and client, desktop and other packages.
3. WorldVistA believes that the success of VistA is best assured through the adoption of the values, principles and practices of the open-source software movement and successful open-source software communities.
